Boiler Bundles: Fast & Easy Professional Installations

- **ECM Plug-in Pump.** Operates with Proportional Control so the pump is in Rest Mode when no zones are calling as speeds up as the zones open
- **Primary – Secondary Manifold.** Makes the installation as easy as possible while ensuring proper piping practices are followed. 1 ¼" Building Loop with MIP adaptors. 1" Boiler Loop piping with Gasketed connections
- **Tankless Valve Kit.** Compact, easy to install and comes with the pressure relief valve (included with the C Bundle)
- **1 Year Warranty** - Peace of mind with a great warranty.

Save Time and Money!
Easiest and Most Professional
